ABSTRACT

This is a brief report of a comparative study of student counseling services in Japan and some countries in the Pacific, Asia, Commonwealth, Europe and America. Various institutions of higher education were surveyed to determine the presence of established student counseling centers, the organization of the centers and the theoretical background of the student counseling available. (SJL)

excluding countries in the Commonwealth

Possible ways of cooperation considered in this research are as follows:

1. Exchange of reports on cases of student counselling service.
2. Exchange of counsellor training programs.
3. Exchange of attempts and experiments in the method of counselling or psychotherapy.
4. Exchange of materials and articles for student personnel service.
5. Discussion of teacher training programs from the viewpoint of student counselling service.
